In my opinion as a concerned citizen, the Microsoft case should be settled. I disagree with the aggressive lobbying efforts of a few of Microsoft's competitors.

The last thing the American economy needs is more litigation that benefits only a few wealthy competitors and stifles innovation. I personally feel that without Microsoft I would not be enjoying the many benefits that have come from that company. I am 72 years of age, and Microsoft, in my opinion, has given me the means by which I am enjoying my computer. Please do the right thing and end this litigation.

Sincerely,  
Louise O'Roake, Private Citizen
